Board Effectiveness Review Proposal

Purpose

1. In accordance with the RoS Board terms of reference we are proposing to conduct our annual assessment of performance as a board, with the intention of continuously improving our effectiveness.

Background

2. The Board carry out a full effectiveness review every second year, with a pulse survey to track progress on agreed improvements in between. A full effectiveness survey was conducted in June 2022, and we are therefore proposing to conduct a pulse survey this year.

3. The question set focusses on the progress we have made on the areas we agreed to improve upon last year.

4. The proposed questionnaire for the board effectiveness review is available at Annex A.

5. The board are invited to provide feedback on the questions proposed and if content, the questionnaire will be circulated for completion anonymously via Survey Monkey in August 2023, and the results will be discussed at the September 2023 board meeting.

Recommendation

6. The Board are invited to provide feedback on the proposed board effectiveness review pulse survey and note the intention to run the survey in August 2023.
